Subject: change liquor laws

to whom it concern

hello my name is kinjal patel i own wine store in town of fairfeld....i been in business since last 12 years and have seen lot of ups and downs in this industry....but the bill that or governer has proposed this year that worries me the most

as you know since last four years our economy is bad business is not like they use to be and as a small business owner i try to run my business and keep the running coast low...but having sunday sale it 's gonna put more burden on my business i am staying open extra day pay for employee, electry city by doing that i am not gonna make more money give you and example

right now all my customer know i am closed on sunday so they buy extra on saturday,but if sunday sale pass then whatever business i do on saturday that will get split between saturday and sunday

secound major thing take minimum bottle price off and have bulk buying pricing and give out liquor permit to the big box stores like costco wall-mart as a small business owner i dont have that much financial back up that i could by everything in bulk and get better price and try to compete against big box store..so now i have less verity in my store and higher prices than big box store that gonna put me out of business

so i need your help

thank you
kinjal patel
